OVERVIEW

Clinical Ethics: Debates, Decisions, Solutions

Ethical challenges facing health professionals have never been more important or more numerous. This program emphasizes themes in ethics and health information technology, the right to health care, transforming health care for veterans, health care fraud, pediatric and bioethics, and genetics in the hospital. It is clear that bioethics – and bioethics education – must be assigned the greatest possible roles in the daily lives of individual professionals and their institutions.

Accreditation The University of Miami Leonard M. Miller School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for physicians.

Disclosure and Conflict of Interest Resolution All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to learners.

Credit Designation The University of Miami Leonard M. Miller School of Medicine designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credits*.™ Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University of Miami School of Nursing and Health Studies designates this seminar series for a maximum of 6.0 *CEU Credits*.

This course is approved by the Florida Bar (1701838N) for 7 general CLE credits including 7 hours for health law. Continuing education credits for Social Workers have been applied for. This activity may be used for continuing education credit for chaplains certified with the Board of Chaplaincy Certification Inc.

PROGRAM

Learning Objectives

Upon completion of this program, participants will be able to:

- Understand, appreciate and contribute to debates about health care policy, including the role of veterans' health.
- Contribute to public awareness of health business corruption and support compliance efforts.
- Identify ethical issues in biomedical informatics and contribute to related policy development.
- Participate in hospital genetics practice and policy development.
- Appreciate and support community collaboration on bioethics.

Target Audience

This course is designed for physicians, lawyers, nurses, social workers, clergy, psychologists, health administrators, philosophers and others with an interest or a need for continuing education in health ethics.

Services for the Disabled

Please contact the Division of CME prior to April 1, 2017, should you have any special needs that may require additional assistance. A conference staff member will contact you to discuss these special requirements.

The Florida Bioethics Network and the University of Miami Institute for Bioethics and Health Policy have fostered professional development in bioethics for a quarter century.
